## **Las Virgenes Municipal Water District Screw Conveyors and Liners**

### **Overview:**

The Rancho Las Virgenes Composting Facility (Rancho), located at 3700 Las Virgenes Rd, Calabasas, CA, has been in service since 1994. The facility was constructed to treat and convert biosolids, from the Tapia Water Reclamation Facility (WRF), for beneficial reuse as a rich soil amendment. Tapia WRF currently treats on average 7.0 million gallons (MG) of wastewater per day and pumps approximately 80,000 gallons of combined primary and waste activated sludge to Rancho Las Virgenes. Rancho Las Virgenes produces upwards of 2,500 dry tons of Class A compost annually.

Rancho utilizes over 50 screw conveyors that rotate in a lined trough assembly to move dewatered sludge, amendment, and compost throughout the facility. The lining and screw conveyors are the biggest wear items at Rancho, requiring periodic maintenance and/or replacement.

The District occasionally faces unexpected or emergency conditions that warrant the immediate purchase of a screw conveyor or liner. When the cost of the equipment is expected to exceed \$50,000, the purchase can only be initiated after satisfying public works contracting requirements through either: (1) an emergency declaration and emergency contracting procedures; or (2) a formal public works bidding process including advertisement.

The District is seeking bids for an annual purchase order contract for the supply and delivery of replacement screw conveyors and liners. Initial purchase order contract period will be for one (1) year with four (4) possible one (1) year renewal periods, at the District's option. Screws and liners will be purchased on an as-needed basis throughout the contract period. The purpose of this bid is to ensure set pricing for the duration of the contract period and allow for expedited delivery upon order release.

### **General Information:**

The conveyor screws shall be in-kind replacements for screws that have failed or reached the end of their useful life. Additionally, the following conditions apply and may override existing, as-built conditions:

- Replacement screws shall be manufactured with a hardened steel leading edge.
- Replacement screws manufactured in pieces shall be combined by a bolted coupling rather than weld.

Once staff determines a given screw is in need of replacement, the manufacturer/supplier will be contacted and provided the details of the screw and an as-built drawing. The manufacturer/supplier is expected to visit the site to take measurements, to provide a shop drawing for review by the District, and to produce and deliver a replacement of the screw upon approval of the shop drawing. For screws ordered under this blanket PO, 3/8" thick Xylethon

liners shall also be provided by the manufacturer/supplier, 4" wide and matching the screw's length. Therefore, the price supplied at bid shall include, for each screw:

- All costs (including travel) associated with a site-visit for measurement verification.
- All costs associated with producing shop drawings prior to manufacturing.
- Liner for the length of screw (3/8" thick Xylethon liners and 4" wide and matching the screw's length)
- All costs for equipment, transportation, and delivery.

A price shall be provided for each screw conveyor listed in the bid form-schedule. Pricing will include all cost of labor, equipment, and transportation costs. The initial contract will be for one year for a maximum of \$150,000 in contract value for all purchases issued under the contract per contract year, with up to four potential one-year renewal options (up to a total of five years). Renewal at the end of each contract year will be at the sole discretion of the District.

The District reserves the right to negotiate terms and conditions of this contract and any purchases that emanate from this agreement. All contract renewals will need the District Board of Director's approval before the contract is renewed. The total amount paid to any bidder under this on-call contract will not exceed \$150,000 per year. This agreement does not bind the District to any minimum compensation for the selected bidder; all work done under this contract must be expressly authorized at the sole discretion of the District.

**Exceptions:** Any exceptions or modifications to the Bid Scope & Specifications or District's Standard Terms and Conditions (Exhibit A) must be clearly noted in the area provided on Bid-Form Schedule.

**Additional Conditions.**

1. **Sales Tax.** Product is subject to California Sales & Use Tax.

4. **Freight.** Freight terms are FOB Destination to the District, freight pre-paid and allowed.
5. **Warranty.** A published warranty from the manufacturer shall be submitted with bid stating the warranty period for the screw conveyor to be manufactured. Included with that warranty shall be a description of any replacement or exchange programs offered by manufacturer or distributor.
6. **Renewals.** Initial award will be for a one-year period with four possible one-year renewals. Bidders are required to submit a set percentage or inflationary indicator to be used for renewal periods.

District may withhold 10% of the price until the Goods are installed, tested, and operating. District shall pay all applicable sales and use taxes. The District is not responsible for payment of any Good delivered without a valid Purchase Order in effect.
13. **Force Majeure.** Except for defaults of Seller's subcontractors at any tier, neither District nor Vendor shall be liable for any failure to perform due to any cause beyond their reasonable control and without their fault or negligence. Such causes include, but are not limited to, acts of God or of the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, terrorism, quarantine restrictions, strikes, freight embargoes, and unusually severe weather. If the parties are unable to resolve the dispute to their mutual, the District reserves its right to seek appropriate legal remedies.
20. **Remedies.** Except as otherwise provided herein, the rights and remedies of both parties hereunder shall be in addition to their rights and remedies at law or in equity. Failure of either party to enforce any of its rights shall not constitute a waiver of such rights or of any other rights and shall not be construed as a waiver or relinquishment of any such provisions, rights or remedies.
21. **Insurance.** Any vendor performing a service on District property or a District job site is required to have insurance. The District's minimum standard insurance requirements are as follows: General Liability with \$1 million per occurrence and \$2 million aggregate, Insured Autos \$1 million, and Worker's Compensation CA State Statutory Requirements. Items are to be considered off rent at the time a pick-up is called in to vendor.
